

# CAJAMARCA, PERU NEWSLETTER UPDATE

August, September and October 2016

**Check out what we've been up to...**

**Fellowshippin'**

**BABY STUFF!**

**Our lives have CHANGED!**

And when we say changed, we know it's been a change for the better. On August 28 our very own child was brought to us by the Good Lord. Since then we have been adapting, learning, growing and understanding what it means to be parents. It has truly been the biggest change for us in our lives, and it has been challenging. But the Lord is faithful to us and will continue to give us strength, energy, and everything else we need to raise our son in a godly way. His name is Lander Brooks Adams, and we would greatly appreciate prayers for him and for us!

*Jhilda's Baby Shower, just 2 days before Lander was born*

## Plenty of “Hands On Work”

My dad and I have also been very busy working on various things for the Bible College and our church, CC Cajamarca. Every Tuesday we go to make repairs at the Bible College. We also have been making a lot of improvements at the church as well. We found an old hardwood floor beneath the carpet on our sanctuary’s stage. So we have been hard at work restoring it. Also, we have been going to a nearby church and helping them assess their building structure. They need more room and have outgrown their location. However the building is not constructed well and is dangerous. We are helping with plans and soon will be constructing with them.

## The youth group has been busy..

Our Youth Group went the other day to a Youth Conference in Lima. They seemed to have had a wonderful time and look like they grew in their time away. Jhilda and I weren't able to go as the date of the conference was the same day that our baby was expected to be born.

Also, with your help we were able to send one of our very own youth members to Bible College. Alex really seems to be growing and loving his special time studying about the Bible.

## Keeping the niños busy

To the left is a photo of a birthday party we held for the kids of our church. Every 2 months we celebrate all the birthdays of the children that took place in those months. Here we celebrated the birthdays for the months of August and September. And for Halloween we also have plans for not only our kids but for the kids in the local community. On October 31 we will invite children to participate in an outreach. We will have dramas, candy for the kids and other activities. Every year we receive about 200 kids from the local area.

*Thank you for your help, God bless!*
